

Summary of Key Points

Analysis of Exit Destinations by County, Program Type, and Organization

For April 2018

C. Peraro Consulting, HMIS Administrator, State of Hawaii

The HMIS admin team completed analysis of client exit destinations from HMIS program discharge records for the month of April 2018 (n = 1,086). The analysis presents findings by county, over program type, and by org/program.

The summary tables show the total exits by destination category, along with permanent housing exit rates. Analysis also includes the total number of exits with unknown exit destination type along with the corresponding exit rates.

Key findings of the monthly reporting include:

- In aggregate, the PH exit rate for April 2018 was 48% with 525 of 1,086 exits leaving to PH destinations, continuing an increasing trend since July 2017 (33%).
- Of the 525 PH exits, Emergency Shelter programs exited 119 clients to PH (23%) and Transitional Housing programs exited 123 clients to PH (23%). This can be seen from the second table and graph on page two.
- Street Outreach and Emergency Shelter project types should not be evaluated solely on exits to PH. Often, placements into institutional settings, transitional shelters, or residential projects are positive outcomes for clients in these project types.
- April PH rates descending by county were Hawaii (57%), Kauai (56%), Maui (54%), and Oahu (44%).
- Homeless Prevention and Rapid Re-Housing projects had the highest PH exit rates (both at 90%, an improvement compared to March). Due to the inherent nature of these programs, however, one would expect that these rates be closer to 100%.
- The missing exit data rate continued a downward trend and was 17% in April (184 clients with unknown exits). The missing exit data rate first calculated in July 2017 was 34%.
- Oahu and Hawaii had the greatest proportion of exits to unknown locations in April, with 20% (132 exits) for Oahu and 19% (25 exits) for Hawaii. Typically, ES or Outreach projects represent most of these exit types.
- Oahu Emergency Shelter (29%) and Homeless Outreach programs (33%) had the highest rates of missing exits in April.

The table below summarizes Statewide PH exit rate data from July 2017 to April 2018.

Statewide Summary, All Programs	Jul	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	Total
PH Exit Rate	33%	33%	34%	37%	35%	44%	41%	46%	47%	48%	39%
